Who is AFBS?

AFBS is a not-for-profit organization owned by its Members – an insurance company that provides financial services including healthcare benefits and retirement plans to performers and writers across Canada. We've been doing so for more than 35 years. During that time we have grown to become one of the country's top 200 financial institutions with a half billion dollars of our Members' assets hard at work for them.

Why Should You Consider Us As Your Insurer?

Our Member-owned and operated not-for-profit structure allows us to be extremely cost effective, providing our insureds with among the lowest premium rates in Canada. Because we are "creatives" ourselves, we understand the unique insurance needs of others who earn their livelihoods in the creative sector. When AFBS designs and offers programs it does so with years of expertise, knowledge and compassion that can't be matched by traditional insurers for whom insurance is just a business. Our highly qualified leadership team is dedicated to providing the kind of healthcare coverage that gives people in Canada's creative sector the worry-free confidence to do what they do best – entertain audiences in Canada and around the world.

Who Qualifies Under The Arts & Entertainment Plan™?

You do. Once a professional Canadian arts organization joins the AFBS umbrella, any of its members are eligible to apply for coverage. Today we already serve more than 35 participating organizations representing more than 150,000 dancers and composers, recording artists, writers, performers, craft persons, musicians and filmmakers who are the heartbeat of Canada's vibrant \$50-billion a year Creative Economy.

We understand you. We support you in relevant ways. Because unlike other insurers, we are you.

Robert M. Underwood
President and CEO, AFBS
